Parent Voice and Direct Service Staff

Will your presentation include...(check all that apply) *

11/30/23, 3:39 PM

Supervisor

State Leader

Other

Program Manager

Primary Contact Role within HFA *

☐ Family Support Specialist

☐ Family Resource Specialist

Central Administration Team Member

For HFA Live 2024, we want to bring the voices of parents and families as well as the voices of our direct service staff to the forefront. With parents, this might be any of the following: A presentation about something you did differently because of parent feedback, a presentation about a policy or practice that acknowledges how parent feedback made a difference in how you operated, having a current advisory board or staff member who was a former parent in the program participate in the presentation, inviting a current parent to participate in the presentation - they could join you live during the session, or you could pre-record them and play their piece during your presentation. The HFA National Office will give \$50 to each parent who presents live with you or with a pre-recorded component in your presentation (up to 2 parents per presentation).

Parent Voice	
Direct Service Staff Voice	
Neither	
Il us more about specifically how you will incorporate parent and ect service staff voice in your presentation. *	
	/.

If your answer above was "neither", please pause and consider if it would be possible to adjust your presentation to include this. If you need help, reach out to us!

If you know who your full presenter team will be already, please specify if any presenters represent a traditionally underrepresented community or population, and if so, how they identify.

More information on your idea / presentation:
